Reading Programs Make a Difference

Improving literacy is an undisputed goal for educators today. Research confirms that reading programs encourage literacy and improve test scores. Recent education bills aimed at funding literacy programs bring educators one step closer to that goal.

Follett Software can help you encourage your students to read more with Reading Program Services Digital Content Subscriptions, providing easier access to books that match their reading and comprehension levels.

As a Destiny Library Manager™ customer, you can instantly enhance your library records with reading program information by using the Reading Program Service. Follett's Reading Program Services provide visibility and easy searching of books for schools in your district that use one or more of today's popular reading programs, such as Accelerated Reader®, Reading Counts!®, Lexiles® and Fountas & Pinnell. It works right in your Destiny® program!

Maximize Your District's Reading Program Investments

- Help guide students to books in their optimal reading zone by reading level, point value and subject.
- Reduce students' time spent searching and increase their time reading.
- Support individualized, differentiated instruction by allowing teachers to easily identify and assign books.
- Maximize schools' and districts' use of their reading program investments.
- Lessen librarians' time spent cataloging books into reading level areas.

READING PROGRAMS GUIDE YOUR STUDENTS TO BOOKS IN THEIR OPTIMAL READING ZONE.

Destiny Library Manager Supports:

Accelerated Reader and Reading Counts! customers have access to the following reports:

- Titles with Quizzes
- Quizzes with No Matching Titles
- Titles with No Matching Quizzes

Lexile customers may create a report that identifies titles that have Lexile levels.

Follett's Service Makes Your Reading Programs More Effective

Research has shown that students' reading skills grow fastest when they select books that are challenging enough to introduce new words, more complex sentences and more abstract concepts—without being too difficult or frustrating. Follett's Reading Program Services help you make sure students can easily find all the books in your collection that are in their optimal reading zone—books that will help them become better readers faster!

More Effective Teaching

The more students read, the more their fluency and comprehension grows, according to recent research. And that means better scores on high-stakes reading assessments.

Seamless Integration with Destiny Library Manager
